

Testers - Data/Telephone

NETWORK CABLE TESTER

CIRCUIT-TEST

- Multi-network tester for continuity, mis-wiring and polarization
- Compatible with T568A and T568B wiring schemes
- Also for legacy Token Ring networks

MODEL	
CN-140	

MULTI-CABLE TESTER

Paladin Tools®

- For over 20 cable types, including LAN, telephone, serial, coax, USB, S-video, FireWire, etc.
- Quickly troubleshoot or map cable pin-out
- Test for opens, shorts, crosses and more
- Easy to read & understand with LED indicator lights

MODEL	
PA1577	

TONE & PROBE PLUS CABLE-CHECK KIT

Paladin Tools®

- 2 shielded patch cords, RJ45
- RJ11 cord with alligator clips
- Durable, nylon carrying case with belt loop

MODEL	
PA1573	

LIVE WIRE CIRCUIT TRACING

TRIPLETT

- Designed for 120 and 220VAC circuits
- Also useful on telephone, LAN, coax TV, security wiring, etc.
- Noise filter and LED signal strength indicator
- Includes test leads, probes, carrying case

MODEL	
3388	

TELE-MATE PRO TELEPHONE TEST SET

- Complete telephone test set with ringer
- Phone-to-phone inter-com
- Modular or alligator clip connection
- Call-waiting and caller ID
- Tone and pulse dialing
- Line voltage and current display
- LCD can be set to English, French or Spanish

MODEL	
PE830	

TELEPHONE TEST SET

- Line-powered (no battery required)
- High impedance makes it DSL safe
- Polarity test, speed dial, last number recall
- Handset and headset modes
- Over-voltage and over-current detection

MODEL	
TM-500	

TONE GENERATOR - 2 LINE

- For TP (telecom, datacom, etc.), single conductors, coaxial cables, de-energized AC wiring, etc.
- Continuity and polarity testing, identify the conductor within a bundle
- RJ11 test lead for polarity on lines 1, 2
- Tone signal, talk battery supply
- Short circuit LED / beeper

MODEL	
77HP-G	

TONE GENERATOR - PROFESSIONAL

- Microprocessor-controlled for accuracy and reliability
- Polarity indication for quick outlet identification
- Independent talk battery supply
- Three tones for multiple line identification
- Two tones for use on open and shorted pairs
- Auto shutoff, snag-proof boot, lanyard

MODEL	
77GX	

VDV MULTIMEDIA CABLE TEST

- Comprehensive testing for voice, data and video applications
- Designed for residential and commercial environments
- Supports RJ11, RJ12, RJ45 and coax F-connector interfaces
- Large, bright LCD shows troubleshooting information
- Multi-tones for cable tracing, fault isolation

MODEL	
33-856	

WIREMASTER XR-5, 5 CABLE TESTER

TRIPLETT

- Checks for continuity, mis-wiring, opens, shorts, cross-over, grounding
- Works with RJ45, RJ11, 1394, USB, and BNC connectors
- Ergonomic, portable handheld design
- 183m (600') maximum test distance
- LEDs indicate connections and faults
- Includes carry case and manual

MODEL	
3260
