

Panels and Doors

DECORA

The LT-DEC opens and illuminates when pressed. Using a standard, included 12VDC power plug, multiple units can be daisy-chained together to use only one outlet with the JDC-12X18 power jumper. DWR, SR and ISRK Series enclosures feature Decora knockouts for mounting without additional accessories.

MODEL	DESCRIPTION
LT-DEC	DECORA Mount Retractable Light

The Decora mount temperature display monitors internal enclosure temperature and provides an LED readout of the temperature (Fahrenheit/Celsius adjustable). Optional jumper supplies power to additional 12 VDC Decora units using a single power source. DWR, SR and ISRK Series enclosures feature Decora knockouts for mounting without additional accessories.

MODEL	DESCRIPTION
TEMP-DEC	DECORA Mount Temperature Display

Mount up to three or four low-voltage DECORA switches, including the RPS, directly onto the rackrail of any standard 19" enclosure.

MODEL	DESCRIPTION
DECP1X4	DECORA Panel - 1 Space, Mounts 4 Devices
DECP1X3	DECORA Panel - 1 Space, Mounts 3 Devices

SECURITY

Permanent plexiglass window for easy equipment viewing; this is cost effective security. The cover is 1" deep.

MODEL	DESCRIPTION
SL-1	Plexiglass Security Cover - 1 Space (1-3/4")
SL-3	Plexiglass Security Cover - 3 Space (5-1/4")

Rail Kits

These rail kits are designed for standard 19" openings and feature 1/8" steel construction, threaded 10-32 screw holes and a black powder-coat finish. Sold in pairs.

MODEL	RACK HEIGHT
